

Environ 6000 photos en couleur ont été publiées dans la revue R.A.R.E. et ses suppléments depuis le Tome VI (1997) jusqu'au Tome XVII (3) fin 2008.

Cette liste indexe environ 4300 photos à l'exclusion des photos des suppléments suivants :

2002 **Les Cicindèles d'Italie, de France et du Bassin Méditerranéen Occidental.**

2003 **Le polymorphisme chromatique chez Les *Agrias***

2005 **Atlas des genitalia femelles des Lépidoptères Tortricidae de France.**

2006 **Catalogue Iconographique des Coléoptères Staphylinidae des Pyrénées-Orientales**
